Roll call voting made easy

Using an app – whether using iOS or Android devices or Windows 10 clients – members simply touch a voting button:

When everyone has voted, all the results are tallied on the legislative scoreboard:

The pass/fail outcome is generated automatically based on your voting criteria. And you can brand every screen with your group’s logo or seal.
RollCall Pro is a 6th generation legislative voting application tailor-made for boards, councils, and committees of all kinds. Through a WYSIWYN (what you see is what you need) interface in our app, members have what they need at the right time. If we’re discussing an agenda item, they have motion & second buttons as well as request to speak options. If we’re voting, they see voting buttons. And the Meeting Manager – the program the group’s clerk or secretary operates – makes things easy with color-coded navigation (Green means “Go”) buttons and micro help on all options. There’s even a built-in spellchecker.

The Meeting Manager runs on a standard Windows 7, 8, or 10 PC, and voting members interact with the system using Android or iOS devices or Windows 10 clients. Everyone is connected over a wired or wireless network, though the Internet is not required. If you don’t have a network in your meeting facility, all that’s needed is a wireless router.

**RollCall Pro automates everything:**
- Conducting roll call
- Capturing motions and seconds
- Managing the speaker queue
- Simultaneous voting
- Vote tallies and outcomes
- Results documentation

**With an annual license for 1 PC...**
You can support:
- An unlimited # of legislative groups
- Of up to 72 members each
You get:
- Live, online, one-on-one training
- Support & ongoing enhancements

RollCall Pro is the most versatile and affordable roll call voting and request to speak system available today. Its extensive capabilities enable it to adapt to your needs rather than forcing changes to your pre- and post-meeting processes. How did it become so powerful? Thanks to suggestions from our clients (and to our having the good sense to listen to them), RollCall Pro has been continuously enhanced since its inception in 2003. Join us, and help us make RollCall Pro even better.

**Digital roll call voting is all we do – it’s not a sidelight.**
